Art Unit: 1745

**METHOD AND APPARATUS FOR REGENERATING
THE PERFORMANCE OF A PEM FUEL CELL**

Examiner: Yuan

S.N. 10/712,913

Art Unit: 1745

June 22, 2006

Detailed Action

1. The Applicant's amendment filed on May 9, 2006 was received. Claims 10-21 were cancelled.
2. The text of those sections of Title 35, U.S.C. code not included in this action can be found in the prior Office Action issued on March 15, 2006.

Reissue Applications

3. The reissue oath/declaration filed with this application is defective because the error which is relied upon to support the reissue application is not an error upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414.
4. Claims 1,2,8,9 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect in the declaration is set forth in the discussion above in this Office action.

Response to Arguments

5. Applicant's arguments filed on May 9, 2006 have been fully considered but they are not persuasive.

Art Unit: 1745

Applicant's principle arguments are

Claims 10-21 have been treated as constructively non-elected and thus canceled.

Claims 1,2,8,9 remain in the present application.

In response to Applicant's arguments, please consider the following comments.

The Declaration filed on November 13, 2003 provides no explanation of error under 35 USC 251 for claims 1,2,8,9 that would permit a reissue application to be filed, therefore, these claims alone cannot support a reissue allowance. Also, it is noted that errors that are not correctable by reissue include errors that are merely editorial or typographical in nature. What is amended in claim 1 may not, by itself, sustain a reissue patent. See MPEP 1414.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the

Art Unit: 1745

advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
